

PHILIPPINE SCIENCE HIGH SCHOOL, MAIN CAMPUS, DILIMAN, QUEZON CITY
FROM THE BATCH 2013 ADVISER

4 March 2011

Dear Second Year Students and Parents,

Good day to everyone! The year is about over and Batch 2013, as a whole, has performed wonderfully. I am proud to say that though we began this school year with 32 not in good standing, that number is now down to 10 and still improving. Even better, more have made the Director's List this year than when they were in first year. Batch 2013 has made it look easy. That said, I am glad to announce ***The 13atch Night!***

One part reward for a job well done and one part opportunity for our students to interact and to know each other better as we close the year, **The 13atch Night** will be an overnight affair from 6pm of March 11 (Friday) to 10am of March 12 (Saturday) just within the PSHS grounds. It is exclusive to 2013.

Inspired by overnight camping activities such as the stargazing, our thrust is largely about building ties and fostering friendships. It will be a night of interactions, competitive games, moments around the batch bonfire, and movies until the sunrise. In making this happen I am working with the Batch Council, the Guidance Office, the class advisers, teachers, and the Batch PTA.

To our students, I will require your attendance. Dinner, snacks, breakfast, and water will be provided for thanks to our various fundraising efforts throughout the year. Come with an open mind and the intent to enjoy and we'll do our best to give you an amazing time. Please take note of the things to bring and not bring in the table below.

To bring	Clothes and toiletries, sleeping bag/mat (and other sleeping needs), flashlight, extra snacks and water, insect/mosquito repellent [NOTE: In case there are additions, stay tuned for updates.]
To NOT bring	Handheld gaming devices and smart phones (you can bring a phone but I suggest you stick to a modest one), music players (from iPods to radios), cameras (from point and shoots to SLRs) [NOTE: You'll be moving around a lot, your things <i>will</i> get left behind, so don't bring something to lose.]

To our parents, I would appreciate your consent. Nevertheless, I'll be flexible enough in case you have specific requirements in order for your son or daughter to be part of this activity. In case absence will be unavoidable, I'd like to know why so I can schedule an alternative task to fulfil the clearance requirement. You may write me personally, e-mail, or address me through your class adviser. Or if your concern is that you want to be part of this activity in some way (camping and bonfire experience is welcome), please contact your class parent representative on how you can be involved. Kindly submit the consent form below by March 9, Wednesday.

With much gratitude,

Noted by:

Martin Benedict Perez
2013 Batch Adviser

SSD Chief

IN RESPONSE TO THE 13ATCH NIGHT (Check the appropriate box)

- We give our child permission to attend the 13atch Night from 6pm of March 11 to 10am of March 12
- We give our child permission but not to stay the night; we'll fetch him/her by 12mn and return by 8am
- We give our child permission for March 11 only, so unfortunately he/she won't be joining the finale on March 12
- We regret that our child won't be able to join the activity at this time (NOTE: Would appreciate to hear why in case we can address your concern.)
